

## Healthcare Professional Network

A network designed for healthcare professional to hear about blood cancer news, research and opportunities to help support our work.

### By joining the network you will:

- receive regular updates on new Blood Cancer UK research and policy, fundraising opportunities, information resources, support resources, and services for patients
- have access to healthcare professional events and conferences
- have access to our online education resources for healthcare professionals
- receive opportunities to engage and network with colleagues from hospitals across the UK
- receive opportunities to get involved in many areas of our work improving the lives of patients and carers across the UK.
- hear about opportunities to provide expertise to media outlets, at public events and in our influencing work of Government and the NHS.

Membership is free. It's up to you how you get involved. You may prefer to just receive our regular updates. Or you can take part in surveys, and focus groups, lead on projects, or speak at events.

### Who is the network for?

The network is for (but not limited to):

- Consultant
- Dietitian
- GP
- Haematologist
- Haematology physician associate
